067-60110 Black & Red All Over • Silver Mirror Lens + Extra Clear Lens & Tearoffs

The GOX, EKS-S is the latest in our arsenal of clear vision goggles. The "S" goggle was built with function, style and comfort in mind. We have taken all the benefits of our GOX goggle frame and incorporated a "Force-Fit" outrigger system along with a detachable nose guard and our new strategically placed "Flo-Air" ventilation system. We also added four, lens channel restraint tabs to the frame to help reduce lens recoil. These new additions along with our 4-layer, neoprene lined face foam and our "ultra-pliable" urethane frame make this one of the best-fitting and most functional goggles you will ever put on your face!

EKS-S

EXTRA
CLEAR LENS
& TEAR OFF'S
INCLUDED

FRAME

- "Force-Fit" Outrigger system with detachable nose guard and "Flo-Air" ventilation.
- Lens channel restraint tabs.
- A lightweight, "urethane blend" frame has a firm yet pliable feel for the ultimate in comfort and protection. The material known as "Poly-Flex" allows the frame to form much easier to different face shapes.

LENS

- The "EKS-S" frame is equipped with the highest quality, Polycarbonate, shatter-resistant, anti-scratch & anti-fog coated lens available. It has 100% UVA protection and it is the leader in lens attributes and function.
- Tear off posts are integrated into the lens for ease of use and function.

FOAM

- 100-PPI "reticulated" vent foam allows the ultimate in airflow while keeping the dust and debris out. This special vent foam is designed to allow moisture and condensation to escape freely.
- 17mm thick, 4-layer face-foam is backed with a moisture wicking fleece lining providing the best anti drip, sweat protection available.

FEATURES

- An adjustable, double buckle woven strap is silicone backed for the ultimate in strap placement and hold.
- "Anti static" smudge resistant goggle bag comes standard in every box.

067-60415 Flo Yellow & Black • Clear Lens

EKS BRAND introduced the GOX FLAT OUT series a few years ago and it has become one of our best selling goggles to date. In fact the Black Flat Out goggle is our best selling goggle. This goggle is used by most of our Supercross racers who need a clear lens to see the big jumps and monster whoops at night. The Flat Out series has all the benefits of the GOX frame, complete with multi-layer face foam, Poly-Flex frame and anti fog coated, clear lens.

We at EKS BRAND feel this is the highest value added goggle on the market today. The benefits and features well outweigh the price.

X-GROM MIRROR CLEAR

Don't leave the little shredders out! The X-GROM goggle has nearly all of the benefits of its big bro, the GOX. With integrated tearoff posts on the anti-fog coated Lexan lens, along with two layer, 15mm thick sweat absorbing face foam, your little dudes will be seeing their way clear in comfort and style!

FRAME

- The "X-GROM" was designed to give kids and smaller face shapes a quality goggle with all the comforts, looks and protection of a full size goggle.
- "Poly-Flex", urethane frame contours to the face for comfort and protection. Wind channels are molded into the frame to direct air into the "reticulated" vent foam for added airflow and less condensation build up.

LENS

- The "X-GROM" is equipped with a mirror or clear, anti-fog coated, scratch resistant, .030 Polycarbonate lens that has 100% UVA protection.
- Tear off posts are integrated into the lens for ease of use and function.

FOAM

- Hydrophilic EO15 two-layer face foam contours to the face with an amazing seal and moisture wicking comfort.

FEATURES

- The "X-GROM" comes standard with a woven goggle strap that is silicone backed for the ultimate in placement and hold.
- "Anti static" smudge resistant goggle bag comes standard in every box.

GOX ENDURO/OTG

EXTRA
VENTED
CLEAR LENS
INCLUDED

Enduro/OTG is based off of the popular GOX FLAT OUT series goggle. The Enduro/OTG series has all the benefits of the GOX frame, complete with an ultra thick three layer face foam with indents to accommodate the arms and frame of your glasses for wearing comfortably within your helmet. This goggle includes our Poly-Flex frame and a new single-pane, anti fog coated, tinted lens and an extra clear lens is included in the box.

FRAME

- A lightweight, "urethane blend" frame has a firm yet pliable feel for the ultimate in comfort and protection. The material known as "Poly-Flex" allows the frame to form much easier to different face shapes.

LENS

- The "GOX" frame is equipped with the highest quality, single-pane Polycarbonate, shatter-resistant, anti-scratch & anti-fog coated lens available. With 100% UVA protection.
- Tear off posts are integrated into the lens for ease of use and function.

FOAM

- 100-PPI "reticulated" vent foam allows the ultimate in airflow while keeping the dust and debris out. This special vent foam is designed to allow moisture and condensation to escape freely.
- 25mm thick, 3-layer face-foam is backed with a moisture wicking fleece lining providing the best anti drip, sweat protection available.

FEATURES

- An adjustable, double buckle woven strap is silicone backed for the ultimate in strap placement and hold.
- "Anti static" smudge resistant goggle bag comes standard in every box.

EKS-S XL

067-10990 Clear/Black • 1 complete Zip Off XL System, Two Rolls of Film, Visor and 10 First Turn Tearoff's

067-40690 Zip Off XL Kit • Replacement

067-40685 Zip Off XL Visor • 3-pack Replacement

067-40270 Zip Off XL • Clear Lens

067-40695 Zip Off XL Film Roll • 8-pack Refills

It doesn't get any better than the GOX EKS-XL Goggle and Zip Off system when it comes to keeping the dirt and mud off your lens.

The GOX EKS-XL features an EKS-S translucent clear goggle, with an integrated Zip Off system, and comes standard with two rolls of ultra thin film, an anti-fog coated GOX lens, to help prevent any condensation or fogging, and 10 first turn tearoff's.

Two Zip Off canisters, a motor side and a spool side and a moisture visor to keep dirt and wetness from penetrating under the film.

The EKS BRAND Zip Off's allow the rider to have nearly 35 pulls of clear vision to get through a race or a long day of riding.

EKS BRAND also offers Zip Off accessories.

SNOW-X

EKS-S
GOX

The GOX Ski/Snowboard Goggle is a product of over 30 years of eyewear experience. This goggle was specifically designed to see clear through the heaviest Sun Valley dump while still cutting the glare of a sunny Mammoth spring day!

FRAME

- Revolutionary, Urethane-blend, face-forming frame material.
- "Poly-Flex", urethane frame contours to the face for comfort and protection. Wind channels are molded into the frame to direct air into the "reticulated" vent foam for added airflow and less condensation build up.

LENS

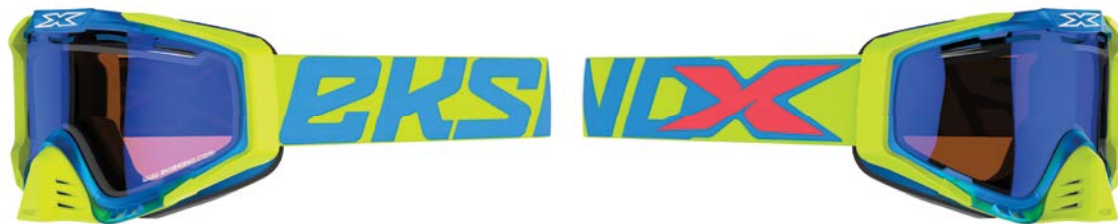

- The "SNOW-X" frame is equipped with the highest quality, dual pane, Polycarbonate, shatter-resistant, anti-scratch & anti-fog coated lens available. It has 100% UVA protection and it is the leader in lens attributes and function.

FOAM

- Extra wide, 14mm thick, 3-layer ultra plush face foam for comfort and warmth.
- 80-PPI reticulated vent foam allows for maximum airflow.

FEATURES

- Helmet compatible, double buckle. Woven strap with silicone stripes for traction.
